EARMARK DECLARATION

HON. J. RANDY FORBES

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 12, 2009

Requesting Member: Congressman J. RANDY FORBES

Bill Number: H.R. 1105

Account: Labor, HHS, Education, Department of Health & Human Services, Health Resources and Services Administration (HRSA)—Health Facilities and Services

Legal Name of Requesting Entity: Children's Hospital of the Kings Daughters

Address of Requesting Entity: 601 Children's Lane, Norfolk, VA 23507

Description of Request: Provides \$1,000,000 to the Children's Hospital of the Kings Daughters (CHKD) Health Center to provide optimal accessibility, convenience, continuity and quality of care by co-locating primary care practices, specialist offices, surgical practices, physical, occupational and speech therapy services in one location in close proximity to the interstate and within the heart of the city's pediatric population. Chesapeake, Virginia has the second highest concentration of children in the Hampton Roads region, with 20 percent of the pediatric population (ages 0–17) from the south side living within this community. The need for pediatric specialists in the Norfolk, Virginia area has outstripped the capacity of the current CHKD building, with all inpatient and outpatient services at or beyond capacity. Funds will be used to assist in the building of a centralized multi-specialty children's health center in the Norfolk area. CHKD has already demonstrated success in building a regional facility at Oyster Point in Newport News, Virginia, which is exceeding all patient forecasts.

IN RECOGNITION OF THE 100TH
BIRTHDAY OF THE CITY OF
PRINCETON, WEST VIRGINIA

HON. NICK J. RAHALL II

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 12, 2009

Mr. RAHALL. Madam Speaker, I rise today in recognition of the 100th birthday of the great City of Princeton, West Virginia.

In West Virginia, transportation industries and coal mining have played an integral role in the economic development of the region. The City of Princeton is no exception. As early as the nineteenth century, emerging transportation technology, the railroad, and a Nation demanding West Virginia's coal helped form booming new industry in the Princeton area. Much of the coal produced was sent west to the Great Lakes region or east to Baltimore, New York City and New England, heating our great Nation and providing steam power to the U.S. Navy.

What was once a small railroad-side village in beautiful Mercer County is now a thriving city with a population of 6,300. Between 25,000 and 28,000 pass through each day, bringing business and goods to a city with a history as rich and varied as the state itself.

Many notable actors and sports team owners at one point called Princeton home. Kevin Sizemore, of the television show Prison Break, and Sam Eliot, who was in We Were Soldiers both hailed from our hallowed hills. And Ken Kendrick, owner of the Arizona

Diamondbacks, and Rod Thorn, President and Manager of the New Jersey Nets called West Virginia home in their childhoods.

February 20th marked the 100th birthday of the City of Princeton. I invite you all to join me in celebrating this great City! Happy birthday Princeton!

COMPREHENSIVE HEALTH CARE REFORM ACT

HON. RON PAUL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 12, 2009

Mr. PAUL. Madam Speaker, America faces a crisis in health care. Health care costs continue to rise while physicians and patients struggle under the control of managed-care "gatekeepers." Obviously, fundamental health care reform should be one of Congress' top priorities.

Unfortunately, most health care "reform" proposals either make marginal changes or exacerbate the problem. This is because they fail to address the root of the problem with health care, which is that government policies encourage excessive reliance on third-party payers. The excessive reliance on third-party payers removes all incentive from individual patients to concern themselves with health care costs. Laws and policies promoting Health Maintenance Organizations (HMOs) resulted from a desperate attempt to control spiraling costs. However, instead of promoting an efficient health care system, HMOs further took control over health care away from the individual patient and physician.

Returning control over health care to the individual is the key to true health care reform. The Comprehensive Health Care Reform Act puts control of health care back into the hands of the individual through tax credits, tax deductions, improving Health Savings Accounts, and Flexible Savings Accounts. Specifically, the Comprehensive Health Care Reform Act:

A. Provides all Americans with a tax credit for 100 percent of health care expenses. The tax credit is fully refundable against both income and payroll taxes;

B. Allows individuals to roll over unused amounts in cafeteria plans and Flexible Savings Accounts (FSA);

C. Provides a tax credit for premiums for a high-deductible insurance policy connected with a Health Savings Account (HSA) and allows seniors to use funds in an HSA to pay for a medigap policy;

D. Repeals the 7.5 percent threshold for the deduction of medical expenses, thus making all medical expenses tax deductible.

By providing a wide range of options, this bill allows individual Americans to choose the method of financing health care that best suits their individual needs. Increasing frustration with the current health care system is leading more and more Americans to embrace this approach to health care reform. I hope all my colleagues will join this effort to put individuals back in control of health care by cosponsoring the Comprehensive Health Care Reform Act.
